Subject: Opposition to HB 5232

Representative Terrien,

As you know two legislators from West Michigan, Afendoulis and MacGregor, are pushing this historic district modernization bill, likely for some powerful business interests.

I purchased a home in the Grand Rapids historic district where I live, and I have since purchased two more precisely because they were in a historic district. I believe that it is my private property right to own these properties and also to have the protection afforded by the existing PA169.

I urge you to **NOT SUPPORT HB5232** and the efforts of its sponsors.

Certainly there are more pressing problems that need your attention.

Sincerely,

Ray Lantinga
416 Paris Ave SE
Grand Rapids, MI
